

THE STARTER PACK

from Würth vehicle equipment

THE PERFECT COMBINATION OF INNOVATION AND EXPERIENCE

For more than 75 years, Würth has been combining innovative ideas and top-notch quality to develop intelligent products. Our vehicle equipment is a prime example. For over 30 years, our vehicle equipment has been developed in-house and produced by a subsidiary of the Würth Group. The meanwhile 10th generation allows maximum flexibility thanks to the high-quality combination of aluminum, steel and plastic. Every year, 50,000 vehicles are equipped and there is a solution for almost any need.

50,000
VEHICLE EQUIPMENTS
PER YEAR

THE WÜRTH GROUP

YOUR BENEFITS

OUR RESPONSIBILITY

Maximum quality from manufacturing to installation

Vehicle equipment of Würth is manufactured using both high-quality material and state-of-the-art production facilities. We guarantee the highest level of quality in combination with the certification of our quality management system according to ISO 9001. In the field of assembly, we trust in long-standing installation partners, who assemble the interior equipment at the customer's directly.

No compromises in the field of safety

Inspected by TÜV/GS and crash tested, Würth vehicle interior equipment guarantees maximum safety at all times. Apart from load-securing products, Würth also offers the corresponding seminars.

Innovative, certified environmental management

Würth has firmly integrated ecological behavior and environmental protection into its corporate culture. In powder coating, for example, we do not use any solvents and we rely on renewable raw materials for our base plates.

More than 500 shops to cover the direct demand for load securing products

Flexible financing models such as leasing or hire purchase

Personal advice and individual 3D planning

ADVANTAGES AND SERVICES

On-site installation by our certified installation partners

Ideal solutions for the entire vehicle fleet

More than 50 sales representatives in Germany

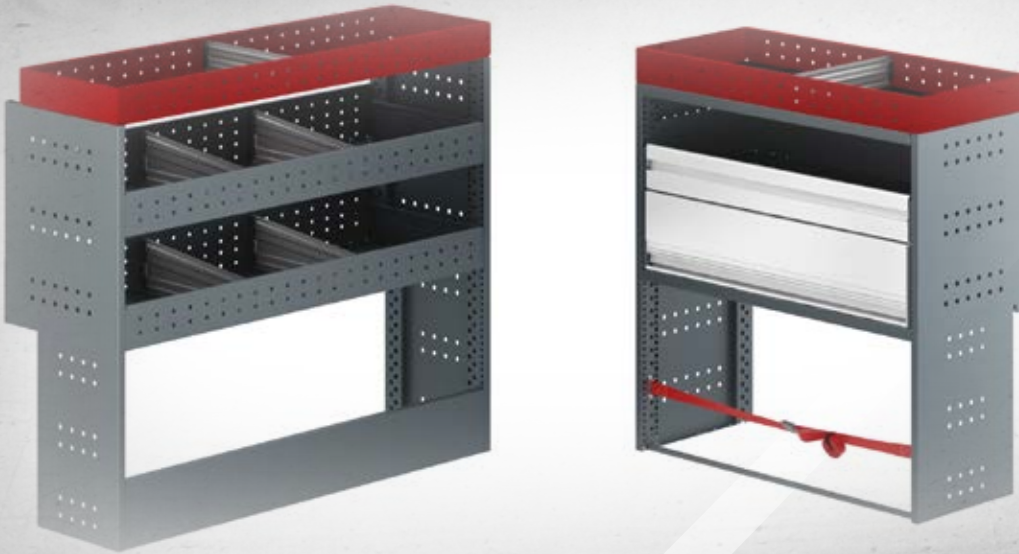

Planning vehicle installations using an online configurator

STARTER PACK, SMALL
